

**Specifications:-**

- In this Capacitor Assortment including 20 different Kinds electrolytic capacitor, range 0.1uF - 1000uF capacitor assortment kit. All capacitor come in a handy box with clearly labeled compartments, parts inside will not slide or move around
- High quality Aluminum electrolytic capacitor, temperature range from -40°C to +105°C, tolerance  $\pm 20\%$ , stable and long service life, Excellent humidity resistance, Miniature size, wide capacitance
- Marker code on every electrolytic capacitor, and with a lable mark capacitor value, easy to distinguish; all capacitors are packed in re-use box, easy to manage, you could also add your other resistors transistors diodes capacitors in this box
- This Capacitor Kit suitable for Tinker, DIYer and hobbyists must! Great for repair and modification of TV, LCD monitor, radio, stereo, game console, microwave, prototyping, etc. good for repairs and little projects
- In this electrolytic capacitor kit You will get 500Pcs 24 Kinds electrolytic capacitor, include 10V 16V 25V 50V, from 0.1uF to 1000pF, a decent mix of capacitors wit a range of applications.
