

**Specifications :**

- SN74LS32N
- Package : Dip – 14
- It is a two input OR gate integrated circuit with four sets of independent components.
- Integrating four sets of two input OR gate circuits
- Fully compatible with TTL/DTL input and output logic level

Applications :

- Digital logic driver
- Industrial control applications
- Other application areas such as battery-powered equipment

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
